

Draft Registration to Begin  
Monday; Manning Registrar

The registration of 18 through 25-year-old Washington Township men, who may be called on to serve in the armed forces for a period of 21 months, will begin at Washington Union High School at 8 a.m. Monday and continue through September 18.

Colonel Eugene Manning, Centerville, U.S. Army, retired, this week accepted the appointment as chief registrar and will be assisted by the following volunteer workers:

STATE ASKED TO  
INCREASE FUNDS  
FOR ROADS HERE

Reports were made this week to the Niles and Centerville Chambers of Commerce on a hearing last week before the State Highway Commission at Sacramento, at which a large delegation from Alameda county asked that more funds be allocated for state highway construction here.

Making the reports were Dr. T. C. Wilson, representing the Niles Chamber and L. R. Batman, who represented the Centerville Chamber.

## NEED FUNDS

The group asked that present annual allocations of approximately \$4,000,000 be increased to around \$8,000,000, and pointed out that Alameda county's urgent deficiencies in highway construction exceed all other counties of Northern California.

The committee's formal request relates how the legislature, in enacting the Collier-Burns highway act last year, froze by formula 50 per cent of the construction funds for allocation in each county. In Alameda county this 50 per cent was estimated at about \$16,379,775, which was to be spent during the five-year period from July 1, 1947 to June 30, 1952.

## CRITICAL AREA

In addition to these frozen funds, the so-called free 50 per cent was to be concentrated in areas having the greatest critical deficiencies, such as Alameda county, but to date only the required funds have been allocated.

The committee, headed by Chairman Thomas E. Caldecott, asked that the frozen \$16,379,775 be matched by an equal amount of free funds, bringing the total to \$32,759,550, and an additional amount of approximately \$7,000,000 to insure completion of the program.

## PROJECTS LISTED

Listed among the critical deficiency projects are:

Eastshore Highway, from Oak street to San Leandro Creek.

Mountain Boulevard, Route 227.

Extension of Eastshore Highway from San Leandro Creek to Route 105, southwest of Hayward.

Livermore Valley Highway from Dublin to Greenville.

Foothill Boulevard, Castro Valley junction through Hayward to the Hayward-Mount Eden Road.

An additional crossing of the Estuary between Oakland and Alameda.

NEWARK RECEIVES  
APPROVAL OF NEW  
SCHOOL BUILDING

Approval of the preliminary plans for a new elementary school building in Newark was received this week from the State Division of Schoolhouse Planning in Sacramento.

The Board of Trustees of the school previously had received approval of the site plan, which included the size and location of the lots and the size of the building in regard to the lots. The approval received this week was on the arrangement and number of classrooms and facilities.

## EIGHT CLASSROOMS

J. I. MacGregor, district superintendent and principal of the Newark school, said yesterday that the preliminary plan, which has just been approved, is on a long-range scale, calling for the construction of 15 classrooms, auditorium, and cafeteria, but added that only a portion of that plan would be construction at the present time.

He stated that it is planned under the first building program to construct eight classrooms, a kindergarten room, nurse's room, office room, storage rooms and pertinent facilities. These facilities, only a portion of the master plan, will be constructed between the present building and Thornton avenue, and have been approved for north lighting, which will set them at an angle to the property lines. Also included in the plans are separate playgrounds for the kindergarten and primary students.

## WORK ON BLUEPRINTS

George E. Ellinger, Oakland architect, is now working on detailed specification plans for the building, and MacGregor expressed hope that these plans would be ready to submit to contractors for the calling of bids by November 1.

The Newark School District recently voted a bond issue of \$151,000 toward the building fund, which was supplemented by an appropriation by the state amounting to \$102,000, to be used in construction and purchasing of property.

PEERLESS STAGES  
ASK FARE BOOST

Peerless Stages, Inc., which operates through Washington Township, this week filed an application with the California Public Utilities Commission in Sacramento for a fare increase.

The application stated that although the line was granted a fare increase effective November 20, 1947, its passenger volume has decreased since then and the present traffic is more truly representative of normal conditions. "The revenue from normal traffic volume is insufficient to absorb the high costs of the present period," the application states.

The line proposes a fare of 2 cents per mile for mileage up to 50, and over 50, the fare for 50 miles plus 1.9 cents per mile for all over 50; a minimum fare of 15 cents; a commutation fare of 1 cent per mile, based on a 30 day month, with a minimum commute fare of \$4.50 per month; elimination of family books; permit school books to remain as at present.

GOVERNMENT WILL  
BUY DRIED COTS

Six thousand tons of dried apricots will be bought up by the Federal Agriculture Department in a total of 200,000-ton dried fruit purchase during 1948-49 to "prevent serious losses to producers," it was announced this week.

Purchases will be made by the Commodity Credit Corporation, which administers the government's Farm Support program. The department, in its announcement, said the purchases are necessary because the dried fruit industry has "almost completely lost" its pre-war export market.

"All fruits purchased will be U.S. Grade C or better," the announcement said, and a part will be used as relief feeding in foreign countries and for school lunch and institutional feeding in this country.

DECOTO YOUTH IN  
NILES COURT TODAY  
ON MURDER CHARGE

Eliseo G. Boisse, 20, 313 Sixth street, Decoto, stood solemnly in Niles Justice Court last Friday morning and listened to Judge E. A. Quaresma read the complaint charging him with the murder of Walter Duran, 28, of F street, Decoto.

When Judge Quaresma asked the defendant if he was represented by counsel, he did not answer. C. J. Stafford, San Francisco attorney who was apparently called in on the case by the family of the youth, spoke up, saying that he had been retained as counsel.

"Is this man representing you as counsel?" Judge Quaresma asked Boisse.

After he had received no answer the judge rephrased the question, "Is Mr. Stafford your lawyer?"

The Decoto youth, father of three children, after staring coldly at Stafford for some seconds, muttered "Yes."

The defendant entered a plea of not guilty to the charge and the case was set for today (Friday) at 9 a.m. for preliminary examination.

An application for bail was refused by Judge Quaresma and the youth remained in custody.

The complaint, signed by Darlene Duran, widow of the victim, charges Boisse with fatally stabbing Duran the night of August 15 following a tavern fight in Decoto.

RAIL ACCIDENT  
IN NILES CANYON

Four cars of a Southern Pacific gravel train were derailed about 8:30 p.m. Wednesday in Niles Canyon and halted all of the line's rail traffic through the canyon for more than seven hours.

Exact cause of the accident could not be learned, but officials expressed the belief that it may have been the result of a broken flange on one of the wheels. The train was westbound through the canyon.

No injuries were reported and the track was cleared to traffic about 3:30 a.m. Thursday, although crews worked throughout the day righting the overturned cars and salvaging the spilled gravel.

LOCAL VOTERS AWAIT  
REGISTRATION BOOKS

With but less than a month remaining before the deadline for registration to be eligible to vote in the general election in November, several of the communities in Washington Township had not yet received their registration books as of yesterday.

Residents who did not vote in either the general election two years ago or the primary this year must register before the September 23 deadline to be eligible to vote.

## MYSTERY OF DECOTO MINE SHAFT SOLVED

"It wasn't any gold mine, or even a coal mine," said little 78-year-old Mrs. Mary Swartz of Niles in referring to the publicity given in the papers and over the

struction, they needed the water." Mrs. Swartz, who was born in Decoto and, with her husband, farmed the very land on which the Masonic Home now stands, knows as much, or more probably, about early history in Niles and Decoto as anyone you could mention. She can think of only two others—both her contemporaries—who have lived in this area around the same length of time she has: Frank Garcia and Peter Decoto.

"I went to school with Frank, and with Pete Decoto's brother, the late Ezra Decoto," she said, and continued, "Why I can remember when Niles wasn't any town at all—just apricot and prune orchards."

But to get back to the tunnel in back of the Masonic Home—according to Mrs. Swartz the excavating for water was futile. There just wasn't enough there, so they dug a well below the home. Work on the tunnel, however, proved to be an arduous endeavor. Redwood timbers had to be hauled up by horses and wagons. This was done under the supervision of Joe Perry.

"I used to watch them go up past my place every day," said Mrs. Swartz. "That was more than 50 years ago."

Use of Gravel Pits Expected To  
Halt Dropping of Water LevelsIRVINGTON VOTES  
DOWN PLAN FOR  
TRAILER CAMP

A unanimous vote, upholding the Alameda County Planning Commission's rejection of an application to construct a trailer camp in Irvington, was cast by the Chamber of Commerce members at their luncheon Tuesday.

Dave L. Fisher, Mission San Jose, who had planned the construction of the camp between Mission and Main streets in partnership with Leon Orcutt of Niles, attended the meeting and requested the polling of members to determine their reaction to the plan.

## UNDESIRABLE SITE

Fisher, who showed the blue prints for the proposed camp to the Chamber members, said that it was designed to accommodate 20 house trailers and would include a utility bath and wash house, representing an investment of approximately \$4,500.

R. J. Wright, chairman of the Alameda County Planning Commission and a member of the Irvington Chamber, was asked to speak on the proposal after Fisher had explained his plan. "The planning commission has turned down the application," Wright said. He added that the refusal to let the camp locate on the proposed site was based on the commission's belief that such a camp was not desirable so near the center of town. He went on to tell of the difficulty experienced by neighboring communities along these same lines.

"There are plenty of sites which would be more suitable for such a camp on the outskirts of town," Wright concluded.

## TO START ROAD WORK

Joseph Telles, Mission San Jose, roadmaster for Southern Alameda county, was a special guest at the meeting and was introduced by A. E. Alameda. Telles told the group that his crew will begin work on the streets of the community in the near future, cleaning the streets, trimming trees, opening ditches and painting new parking lanes. After a discussion of the possibility of changing from angle to parallel parking on Mission street, it was decided to leave it to the county crews to do as they see fit.

## P.T.A. BOARD MEETS

A meeting of the executive board of the high school Parent-Teacher Association was held last night in the faculty dining room at the school.

Probability that use of the gravel pits west of Niles for percolation of water into gravel strata may be a means of correcting the dangerously lowering water table was expressed by W. D. Patterson, president of the Alameda County Water District, who Tuesday spoke about the present water shortage before the Niles Chamber of Commerce.

The district is engaged in negotiations to acquire the pits from the Pacific Coast Aggregates Company and Mrs. J. C. Shinn.

These pits, one of which is about 30 acres in area and 100 feet deep, will be able to absorb the entire normal flow of Alameda Creek, Patterson said. This has been estimated at 200 million gallons per day, a quantity of water sufficient to give full flow to 200 large pumps.

## CITY HAS PRIORITY

The water district president appeared at Tuesday's meeting in response to a request that he explain the status of the city of San Francisco in connection with use of water from Alameda County.

He explained that under court interpretation, San Francisco has legal right to all the water it can obtain from its wells near Pleasanton, from the Calaveras reservoir and from its properties along Alameda Creek. Domestic use—for which the city requires the water—has priority over agricultural use according to the court ruling, he stated.

He went on to say that the experience of the local water district with San Francisco has been that the city has been not only fair but generous with its water, allowing greater flow in Alameda Creek from the Calaveras Dam than was legally required.

## LITTLE COUNTY AID

The district has not had very good co-operation from the Alameda County administration, he said.

With the acquisition of the gravel pits for percolation, Patterson told the Chamber that the district hopes to repair the broken fault line which, until it was cut by gravel excavations, served as an underground barrier against loss of water from the Niles side to the bay side of this geological wall.

As for future supply to the township, Patterson said that when San Francisco's new pipe line from Hetch-Hetchy is completed in two or three years the city will require less water from this area and the underground supply will be greatly aided by this circumstance.

## WELCOMES CIVIC SUPPORT

After three years of sparse rains and lowering underground levels, he expressed the hope that next winter will see normal rainfall in order that the district's new percolation plant may be used to replenish the water table.

If there is a repetition of this year's lack of rainfall, he said, it is quite likely next summer that vegetable crops can not be grown here and that orchards will suffer heavy damage.

He stated that the Alameda County Water District welcomes the support of all township organizations interested in improving water conditions.

EDWARD MILLER  
TAKEN BY DEATH

Residents of Washington Township were stunned this week to learn of the death of Edward Miller, 43, San Leandro, well-known operator of the Henry Miller Cleaner Shop in Niles.

The popular merchant took suddenly ill while on vacation and was rushed to a San Jose hospital where he succumbed Sunday.

He was the son of Mrs. Frances Grover, Oakland, and the late Samuel Miller; brother of Henry Miller and Doris Bauldry, both of Centerville, Vernon Miller, San Jose, and Lawrence Miller of Mission San Jose.

A rosary service was recited at the parlors of the Berge Mortuary Company, Niles, on Tuesday evening.

Funeral services were held from the parlors of the mortuary Wednesday at 8:30 a.m. followed by a requiem mass at Corpus Christi Church at 9 a.m.

Interment was at Holy Sepulchre Cemetery, Hayward.

PAGEANT OPENS;  
TOWNSHIP NIGHT  
SET FOR SATURDAY

Saturday, August 28, has been designated as "Washington Township Night" for "Glory in the Land," the historical pageant being presented at Woodminster Amphitheater by the California Centennials Commission and the Alameda County Centennials Committee.

According to Nat Levy, vice-chairman of the committee, each performance has been dedicated to one of the communities in Alameda county, and residents are requested to attend on the night set aside for their locality, although they may, of course, attend at any other time that might be more convenient.

A special section of the theater will be reserved Saturday night for those in the township holding tickets which may be procured, free of charge, at any of the following places:

Niles Furniture Store, Niles.  
J. L. Olson Co., Decoto.  
Sam Dinsmore's and John Ralph's in Alvarado.  
Jolly's Pharmacy, Newark.  
Kirkish Store, Centerville.  
Post Office, Mission San Jose.  
Post Office, Pond's Pharmacy, Vernon Leal's and Kruegers, Irvington.

S & F Store, Warm Springs.  
"The tickets are being distributed as a courtesy so that residents here will not journey to the theater on the night set aside for them and not have a seat," Levy said. The tickets will only be held until 8:10 p.m. at which time the section will be released to the general public.

The pageant, spectacular in scope, delves into township history for one of its scenes—depicting a bull fight in Mission San Jose.

"Glory in the Land" is being performed on the following days, August 27, 28, 29, September 3, 4, 5, 9, 10, 11 and 12.

To get to Joaquin Miller Park where Woodminster Theater is located, go up Parol Boulevard, Lincoln Avenue or 35th Avenue to Mountain Boulevard, then on Joaquin Miller Road to the theater.

There will be plenty of free parking space, those in charge announced.

NEWS  
from Walt

I was down to the city the other day talking to an owner of a large furniture store, and he said that we did not need price control; but that we did need customer control, as some of the people sure went out of control when they priced their merchandise.

I can understand that as I find that our prices range ten to twenty per cent lower on the same merchandise, but of course, we have a much lower overhead.

Come see us some time.

## HILL ROAD CLAIMS ANOTHER VICTIM

The Escobar grade on the Mission San Jose-Livermore highway claimed another victim about 3 p.m. Sunday when Antone Machado Barros, 69, Patterson, Calif., lost control of his automobile and crashed to his death.

State Highway Patrol Officer Joseph Lewis, who investigated the accident, said that witnesses told him that Barros, riding alone in the car, apparently lost control on one of the sharp turns and the machine careened down the hillside, struck a tree and crashed in the creek bed. The witnesses told the officer that there was no other car involved.

Barros was rushed to Fairmont Hospital in the Dallas Paul ambulance from Centerville but was pronounced dead on arrival.

## STATE FAIR WILL OPEN THURSDAY FOR 11-DAY RUN

California's unmatched rise to her position as key state of the vast Western empire, whose doors were opened by a handful of hardy pioneers only a century ago, will be graphically depicted at the California State Fair at Sacramento, September 2 through 12.

Agricultural and industrial exhibits from 40 of the state's 58 counties are now being made ready in the Agricultural Building for opening of the 11-day fair, September 2. Gates will open for the fair's first visitors at 10 a.m. on that date.

### FIRST HOBBY SHOW

The Hall of Flowers will offer the most elaborate display of floriculture ever assembled at the State Fair, including thousands of exotic orchids in bloom on 700 plants. To be shown for the first time will be many newly-developed flowers and shrubs.

Fair visitors will find much to interest them in the State Education building, where the fair's first Hobby Show will be on display.

Occupying a more important position than ever before in the history of the fair will be industrial exhibits, portraying the development of by-products of the state's forests, mines, fruit, grain and produce ranches, and animal husbandry. Livestock entries are the greatest in State Fair history.

Every building on the fair grounds will be filled to overflowing with exhibits and displays and livestock entries. The Woman's Building will house the selected work of California's top-notch artists and craftsmen. There, also, will be exhibited entries in the Ninth Annual North American International Salon of Photography.

### RACES EACH DAY

Outstanding entries of the state's pure bred horses may be seen at the Horse Show nightly. Those who like to watch the races will find the state's finest in both harness and running races each afternoon except on Sundays.

## 'CAROUSEL' TO PLAY NEXT WEEK-END

"Carousel," now on the Pacific Coast after more than two sold-out years on Broadway, will have three performances in the auditorium, San Jose, playing on Friday and Saturday nights, September 3 and 4, with a matinee on Saturday. The Broadway musical will be seen in the original New York production, with a company of 100, including the large cast, orchestra and ballet.

The same "big four" who were responsible for "Oklahoma!" have collaborated on "Carousel," the Theater Guild again having engaged Richard Rodgers for the music; Oscar Hammerstein 2nd, lyrics; Rouben Mamoulian, direction; Agnes de Mille, dances and ballets. "Carousel" is even more beautiful and with much more of a plot, since it is based on the stage play, "Liliom."

The evening performances will begin at 8:30 sharp, and the matinee at 2:20 sharp. Stress is laid on the curtain hour, as no one will be admitted or seated during the first ten minutes of the musicale. The opening scene, done in pantomime, music and dance,

## ANNUAL BARBECUE STAGED BY LIONS

The highlight of the Centerville Lions Club social calendar, the annual ladies night barbecue, was held Tuesday evening at Linda Vista Park, Mission San Jose with more than 250 members and guests present.

L. S. Williams very capably served as general chairman, aided by a committee composed of A. E. Alameda, George Harvey, Ralph Boliba, Erle Hygelund, Ralph Goodwin and Loren Marriott. Fred Rogers was the master of the barbecue pit, doing the huge steaks to a perfect turn and mixing up what the Lions termed his "barbecue goo."

Rena Marcel, popular San Francisco accordionist and vocalist, provided the group with hilarious impromptu entertainment during the dinner. The remainder of the evening was spent dancing.

Although privately owned, 366 historic landmarks and sites have been registered with the State Park Commission.

A large collection of firearms used by California pioneers is exhibited at Sutter's Ford.

## OUTFIELD ERROR COSTLY TO NILES

An outfield error, which allowed an in-the-park homer, spelled the difference between victory and defeat for the Niles Merchants last Sunday, putting them on the short end of an 8-7 score with the Fairfax Merchants of Oakland.

The game, played in Oakland, was a time-limit affair, and was called at the end of the eighth inning. Joe Peters pitched the full eight for Niles and allowed but five hits. The Niles club went into the sixth inning trailing 6 to 1 but with the bases loaded Chuck Castleman hit for extra bases and Manager Tom Pugmire went in as a pinch hitter and drove in two more runs to give the localites a 7-6 lead.

The Oaklanders scored their final two runs in the eighth on the Niles error.

## MISSION ELIMINATED IN TOURNEY PLAY

The Mission Firemen were eliminated from the Livermore Invitational Softball Tournament Tuesday evening by virtue of their 2 to 1 defeat by Signal Oil of Livermore.

Lawrence Rogers pitched a one-hit game and went into the final inning with a 1-0 lead. However, in the last inning with two outs, Rogers walked two men and an infield error allowed the two unearned runs to cross the plate and break up the ball game.

Last night at 7:30 o'clock the Kleine Club of Centerville was scheduled to meet the Bill Cody Post team but the result of the game was not known as we went to press.

Say you saw it in The Register.

## IRVINGTON HOSTS SUNDAY TO FAMOUS JEFFERSON NINE

The famous Jeffersons, oldest semi-pro baseball team in San Francisco, will be seen in action against the Irvington Merchants on the Irvington Elementary School diamond Sunday in a game called for 2 p.m.

The prominent San Francisco team was first formed in 1916 and has been playing under the same manager and with the same first baseman since its beginning. Del Webb, millionaire owner of the New York Yankees, and Bill Doran, now umpiring in the Pacific Coast League and a former member of the Cleveland Indians, are just two of the many prominent men of baseball who have worn the Jefferson uniforms in their early days.

In their initial appearance in Washington Township last year the Jeffersons lost a 4 to 3 battle to Frank Mayer's Irvington club and have notified the Irvington manager that they are out to even the count.

The Irvington Chamber of Commerce has promised a capacity crowd at the game Sunday and baseball fans of Southern Alameda county can be assured of one of the finest games staged here in many a year. No admission will be charged.

The Jefferson line-up will be: Jack Stark, ss; George Mahoney, cf; Hap Pitkin, rf; Dick O'Keefe, lf; Fred Biagini, 3b; Ed Payne, c; Bill Maunu, 2b; Toney, 1b; and either Jim McManigal or Jim Sauer, pitchers.

Mayer will use big Hank Dutra on the mound, who will be out to get his second win over the toted visitors.

## FILM MEN GUESTS

Charles Reynolds and Charles Barkley of Bear Photo Service, and Ned Smith of Ansco Film Company, were guests at the luncheon meeting of the Centerville Chamber of Commerce Wednesday. The men gave brief talks on the use of color film in photography and showed slides of color pictures.

The nectarine is presumed to be a bud sport of the peach.

## SPORTS

Diaz with a 25-pounder; Seg Diaz with the prize catch, a 45-pounder; Don Martin with one 18 and one 20-pound salmon; and Don Martin Jr. with two rock cod. The men made their catch 15 miles off the Golden Gate. Also on the trip was Tony Amaral, Joe Lewis and Tony Bent. —Register Photo.

## IRVINGTON NINE DOWNS SOLARIS

Anthony Dutra struck out ten men, gave but one walk and allowed eight hits to hurl the Irvington Merchants to a 7 to 3 victory over Solaris' Grill at Linden last Sunday.

Centerfielder Marshall sparked the Irvington offensive by banging out four doubles in five trips to the plate. Tony Rivers had a perfect day at the plate getting three hits for three official times at bat and Pitcher Dutra got three hits for four.

## MISSION TEAM PAYS TRIBUTE TO MAYER

The Mission San Jose Firemen's softball team and their manager, Frank Mayer, 1947 and 1948 pennant winners of the Washington Township Softball Association, were the guests of honor at a barbecue dinner given last Saturday night at I.D.E.S. Hall in the Mission by the sponsors.

After enjoying the fine dinner, the members of the team were called to the platform by Mayer to receive their individual engraved gold softballs awarded by the league to the champions.

The surprise of the evening, as far as Mayer was concerned at least, was the presentation of a large 18-inch Olympic type trophy which had been purchased by the players and presented to him as a tribute to his fine job of piloting the team to two firsts and one second in three years of competition in the league. "It was a surprise that I will remember the rest of my life," Mayer said this week.

California farmers spent \$11,000,000 for commercial fertilizers and \$2,200,000 for agricultural minerals in the first three months of 1948.

## FANS PAY TRIBUTE TO BILL KRUEGER

Bill Krueger, son of Mr. and Mrs. L. W. Krueger of Irvington, is rapidly making a name for himself in the baseball realm.

Krueger, who recently was named manager of the Willows baseball club in the Far West League, has lifted the club by the bootstraps from the deep cellar position into fifth spot in the league standing.

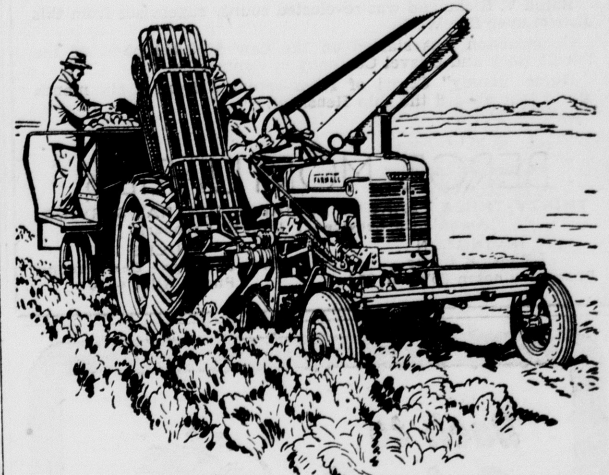

Last Sunday the 25-year-old manager was honored with a "Bill Krueger Day" at Ajax ball park and received many gifts from the businessmen and baseball fans.

## MARLO CLUB DOWNS OAKLAND NINE

Behind the two-hit pitching of Bud Ramirez, the Marlos of Decoto last Sunday on the San Pablo diamond in Oakland knocked off the F. B. Fredericks to the tune of 6 to 1.

The Decoto club got off to an early start, scoring their initial run in the second inning, and never relinquished the lead. The lone Oakland run was unearned, scored on an error.

Star performers at the plate for Decoto were Frank Reblejo who got three for four and Sam Eliz-arey, who banged out two for three.

Why most telephone trouble stops before it starts

2. While you sleep this new electronic tester is at work... combing over circuits to see if it can spot a "leak" in the office or out on the lines. For even the best-insulated cables now and then allow moisture from rain or fog to creep in. By recording current loss on the lines, the tester checks loss of efficiency that might mean future trouble.

4. When you make a telephone call you hire a mighty valuable servant. And that servant is more useful than ever before. For the number of telephones on the Coast has almost doubled in the past ten years. We're hard at it to provide more and better service for more people. And each new telephone added makes your telephone that much more valuable.

1. Imagine a vacuum cleaner in a central office... actually it's one of our important tools. For keeping equipment working perfectly means keeping equipment perfectly clean. The vacuum sucks up the specks of dust that might make a tiny electrical contact fail... just when you need it. And we stop trouble other ways, too.

3. "Trouble detectives" are at work constantly, inspecting cables and lines and following up the clues given them by this testing equipment. These are just a few examples of our preventive maintenance... part of our job of making your telephone service dependable, ready to go to work for you when you need it... as often as you need it.

**\$60 STADIUM SCRIP RETIRED AS GIFT**

A total of \$60 in unredeemed scrip, sold here last year to cover the cost of lighting Washington Memorial Stadium, was retired as a donation this week as the result of action taken Friday by the Stadium Executive Committee.

At the meeting, which was held in the offices of the Ellsworth Company, Niles, it was pointed out that the five holders of the scrip had been notified twice that their scrip had been drawn for redemption. The second notification stated that failure to redeem the scrip within a given time would indicate to the committee that the holders desired the amount to be considered a donation.

The by-laws of the organization were also amended to postpone the annual election of officers until the fall meeting at the close of the football season.

**Irvington Young People Hear Famous Singer**

Something unusual in the way of Sunday entertainment was experienced last Sunday by several Irvington young people who motored to San Jose to attend a broadcast at the new Rio Rita Cafe. It was the "Happy Neighbor Hour" of station KLOK. Miss Beatrice Espinoza had been notified by a radio announced friend, Jose Alvarado, that the famous Latin-American singer, Lalo Guerrero, was to be in the audience that day as a guest. So the group from Irvington had the additional pleasure of hearing Mr. Guerrero sing several numbers at the request of other members of the audience.

Those from Irvington who enjoyed being interviewed on the program included Dolores, Simone and Celia Cruz, Ruth, Stella and Beatrice Espinoza, Blanche Sanchez, a house guest of the Espinozas from San Diego; Betty Garcia, another house guest from Colono; Gilbert Espinoza, and Max Rodriguez and Lewis Ramirez of Oakland. With the local young people there were several out-of-towners, making a crowd of 18 altogether.

They not only enjoyed the interview, but were exceedingly enthusiastic about the delicious Mexican fare at the cafe. The young people concluded the day by dancing at The Palomar.

The couple considered it an added pleasure to have John's mother, Mrs. Alexander Ferrante of Niles as their guest. She cannot speak highly enough of the beauty of the islands and of the tropical fruit, flowers and vegetation. She has traveled extensively over the island of Oahu and has seen two others of the Hawaiian group.

Meeting at the home of Mrs. J. A. McDonald in Niles last Monday afternoon, one of the five divisions of the ways and means committee of the Country Club, discussed plans for the daffodil garden party to be centered at the McDonald home during the daffodil season in March.

The daffodils at the McDonald home are notoriously beautiful. Mr. McDonald, a hybridizer of consid-

erable note in the state, has varieties that are seen nowhere else. It was thought by the committee that a garden party that would permit the public to view these beautiful blossoms would prove a highly financial success, for, of course, a nominal fee would be charged.

The co-chairmen of this division of the ways and means committee are Mrs. McDonald and Mrs. Roland Bendel.

The newly consecrated Bishop O'Dowd presided at the mass and read the letter of Apostolic Benediction. The Sisters' special choir furnished the music for the services. More than two hundred Sisters of Mercy were present for the gathering, having come from the various hospitals and schools conducted by these Sisters throughout California and Arizona.

Miss Betty Freeman of Hayward was maid of honor, and Joseph Montez of Second street, Decoto, was best man. The bride wore a white wool gabardine suit with moss green accessories. The maid of honor wore blue with pink accessories. A reception was held in the evening at the Spanish Hall at Hayward on the Niles Road.

sides his mother and sister, Sandra, were his Nana Luna, great grandmother Duarte, Auntie Nettie, Mrs. Louis Fine and children, Phyllis and Donna, Gilbert and Sally Jimenez, Eleanor Diosdada and Julianna Reed of Decoto, Mrs. Lola Knobles and children, Linda and Roger, of Hayward; Mrs. Marvis Williams and daughters, Nannine and Roberta, and Marlene Vierra of Centerville. ### STATE APPROVES JR. COLLEGE PLAN

The proposal to create a junior college district in Alameda County is expected to go on the ballot at the general election in November. The California Commission on School Districts this week gave approval to the proposal and County Superintendent of Schools Vaughn Seidel said the decision makes it mandatory that the proposal go to a vote at the next election.

Establishment of a county-wide junior college district would be financed by a special assessment on a valuation reaching nearly a billion dollars. Harry Bartell, chairman of the Alameda County Board of Supervisors, said this week that the county is now paying out \$350,000 a year for junior college tuition, and declared there hasn't been "a sufficient demand for a junior college" in Alameda County up to the present time.

### ANNUAL BARBECUE

Members of the Niles Chamber of commerce last night motored to San Jose where they enjoyed the annual barbecue at Wieland's Brewery.

### PREVENTING BOTULISM IN HOME CANNING

Botulism is caused by the botulinus bacteria growing in low-acid foods in the absence of air. Home Demonstration Agent Mrs. Maryetta W. Holman says this form of poisoning is sometimes fatal. Special precautions are required in the canning of such low-acid foods, as vegetables, meat, poultry and fish. Even acid foods, such as fruits, tomatoes, and pickles, may become low-acid after canning through the growth of mold.

Be particular about using only the fresh, firm fruits and vegetables for canning which have been thoroughly cleaned and washed, and use them as soon as possible after picking. Don't try to can any meat, poultry, or fish that is not in sound condition.

For low-acid vegetables and foods, use a pressure cooker with a tested gauge, or can in an acid solution made with lemon juice or vinegar.

It is most important to boil all home-canned low-acid foods BEFORE tasting or using them. Empty the food into a pan, place it directly over the heat and stir. After the boiling has begun, boil steadily for at least ten minutes. Greens and cream-style corn must be boiled for at least twenty minutes.

Smell the food as it boils. If any off-odor is present it will become more noticeable at that time and will act as a warning. Acid foods should also be boiled if any spoilage is suspected.

If canned food is moldy, has a disagreeable odor, or shows gas pressure in the can, jar, or bottle, DON'T TASTE IT... and don't feed it to your pets or poultry. A bad odor is a warning, but it may not always be present. Destroy immediately any food that you suspect is bad by removing the lid and throwing the jar, its contents, and the lid, into a furnace... or boil it in a soapsuds or a lye solution. In a home with children it is best to use soap and keep the lye out of reach. If anyone in your family has tasted any food that you think questionable, get in touch with the city, county, or state health department immediately, and save a small sample of the food for examination by the laboratory.

Further instructions on canning foods safely at home are included in a circular called Home Canning, published by the Agricultural Extension Service of the University of California. For your copy, drop Mrs. Holman a card, or call at the local Agricultural Extension Office, Post Office Building, Hayward.

Say you saw it in The Register.

# BETSY ROSS PARLOR HONORS BRIDE-ELECT

Madeline Caldera presided at her initial meeting, acting as president of Betsy Ross Parlor, N.D.G.W. of Centerville, on August 20. Mrs. Ruth Steiner of Hayward Parlor and deputy to Betsy Ross, was an honored guest.

Evelyn Garcia, past president of the organization, accepted the grand president's appointment to serve on the Grand Parlor's Mission San Jose Restoration Committee, and Matilda Enos was designated by the president to present, on September 3, an outline of California's history in observance of its birthday.

Following the business meeting, 26 members enjoyed watching Dolores Pine open her many exciting and interesting gifts presented to her at a bridal shower. Refreshments for the occasion were served on a table, beautiful with flower and decorative arrangements.

Mr. George Barker of Niles, about whom I wrote in this column a few weeks ago, has written another poem. Because today (Friday) he is observing his 85th birthday, it gives me great pleasure to print his poem and with the printing goes a heartfelt wish that he will have many more birthdays and will continue to find poetic inspiration in the beauties of nature.

The following poem, he tells me, was inspired last spring by a lily he saw on I street in Niles:

### "CONSIDER THE LILIES"

Forth to my task each day I go  
Considering how the lilies grow.  
A bulb-imprisoned child you lay,  
Hid from the gladsome light of day.

All quiet in the common earth.  
Until the spring-time gave you birth.

Then forth you come from out the cold  
A miracle of white and gold.

The wanderlust for far away,  
But where you are, content to stay;  
Within the orbit of a span  
To live and die, the friend of man.

Thus let me walk each day with Thee  
Where'er my lot may hap to be;  
Forth to my task each day to go  
Considering how the lilies grow.

—George Barker

Mr. Barker, incidentally, was very much broken up over the death this week of Edward Miller. "Eddie was my friend," said the old man gently, "my very good friend."

It seems that "Eddie," as everyone called him, was a friend to many people. In spite of a physical handicap that might have soured many people on life, Eddie had a true zest for living. He had a ready, friendly smile for everyone, and one of the most cheerful dispositions you could find anywhere.

### THE EXCEPTION TO THE RULE

It was pointed out to me by several people that last week's column was slightly incongruous. First I wrote about how friendly people are in Niles, then I tell about being snubbed by one of the same. My answer to this is, that there have to be exceptions to any rule. This was the exception. I will stick to my guns that people here generally are pretty darned nice!

### IN YOUR OWN BACK YARD

A couple of weeks ago a big buck deer was running rampant in the lettuce fields around Centerville. And this week a doe and two fawn were seen early in the morning drinking water from the Gorman lake right here in the center of Niles. And people go hunting for deer up in the mountains!

"I heard that Sue is married, do you know if it's true?"  
"No, I wonder what her new name is."

Brides-to-be, you owe it to your friends to tell them the happy news first-hand: don't let them "wonder what your name is now!" And they want to know when and where the event took place.

The easy, quick and correct way is by sending Wedding Announcements: all the newest forms and styles are on display here... a size for every taste and every pocketbook.

A free Bride Booklet... all about the wedding... it's authoritative and contains many hints you'll want to know about wedding etiquette... call for your copy.

## MISSION SAN JOSE NEWS

By LOIS BOTTENBERG

### CELEBRATES BIRTHDAY

A lovely Sunday afternoon birthday party was given on August 22 to Miss Janice Cunha, aged 6, by her mother, Mrs. Marie Telles on the Mission road. There were all sorts of games enjoyed in the out doors and prizes given for a balloon blowing contest and other interesting pastimes. After opening her many lovely gifts and being very delighted over a real two-wheeled bike from her Mommie and Dad, she acted as hostess to all her little friends and their parents while a great big birthday cake with six candles was cut and served along with ice cream. Her tiny guests were Linda Cunha, Ernie Cunha, Clarence Telles Jr.,

Barbara Cunha, Glenn and Eddie Andrade, Roger Content, Stanley Garcia, Donna and Erlene Sabina, Larry and Ronnie Cunha, Mary Ellen and Dennis Perry, and Carol and Jimmie Carlo, and some of their parents.

### SERIOUSLY ILL

Mr. and Mrs. Glenn Bottenberg were hurriedly called to Sacramento on Saturday because of the serious illness of Mr. John Heintz, step-father of Mrs. Bottenberg. He was in the Sutter Hospital where he underwent an operation.

### VISITS HERE

Mrs. Myrtle Buck and son, Wynn, of Hayward, spent the day recently at the home of her mother, Mrs. Hannah Rose, here in the Mission and later Mr. Buck came out for dinner in the evening.

### NEWLYWEDS HOME

Mr. and Mrs. Ed Chambers, the former Josephine Fernandez, returned Friday from a week's honeymoon at various places in the state and at Virginia City,

Carson City and Reno. They are at home to friends now on Bryant street.

### FIRE LOSS

The Mission Firemen dashed off Tuesday afternoon to the Joseph Telles Ranch on the Mission-Livermore Road to control a fire started by an overheated car which was owned by one of the fellows who was working with the haying crew on the ranch. The car was completely destroyed and when the gas exploded it set fire to some baled hay and completely burned a stack all ready to bale. It was quite a loss to both Mr. Telles and the car owner.

### IN REDWOOD CITY

Mrs. Elsie Wilcox is spending a couple of days at Redwood City at the home of her son and family, Mr. and Mrs. Floyd H. Cross. On Sunday she entertained her sister-in-law, Mrs. Myrtle Cross of Alhambra, and her daughter, Miss Helen Cross and a friend, who had made a hurried trip from the south to San Francisco on business. They returned via Modesto where they visited Mr. and Mrs. Paul Cross.

### ENJOY DANCE

The Youth Center young folks

invited their friends to a Best Dressed Dance on Thursday evening at the I.D.E.S. Hall which was decorated in green and white streamers and green and white balloons. Everyone seemed to have a good time and enjoyed home made cake and soft drinks. A change of chaperones was made and Mrs. Hortense Cunha, Mrs. Earl Chambers, Mrs. Marie Schneider and Miss Lottie Untiedt served for the evening. Music was donated by Al Kiep of Irvington who brought along his mike and electric recording machine and plenty of records.

### TO WASHINGTON

James Scott, grandson of Mrs. Marie Aust, returned with his Uncle Paul when he came from his vacation to Seattle, Washington. He is the eldest son of Mr. and Mrs. Walter Kane Scott of that city and he will stay till mother and dad come to visit the Austs on their vacation, which is about due.

### PLAN NUPTIALS

Soon wedding bells will be ringing again in the Mission for on September 12 at one o'clock Miss Virginia Lawrence, 19, youngest

daughter of Mr. and Mrs. William Lawrence, will exchange vows with Robert Oliveria, 21, of Centerville, who is the son of Mr. and Mrs. Manuel V. Oliveria of the John Santos road. They will be married in the Mission at St. Joseph Church with Reverend Leal officiating. Miss Virginia will have as her bridesmaid Miss Evelyn Meyers and a close friend of Bob's will be best man.

### LIBRARY TO OPEN

Hurrah! We are going to have our library open again, on September 1, according to latest reports from the office of County Librarian Mrs. Roberts in the court house. Ever since Dorothy Mendonca resigned a couple of months ago it has been very much out of existence and every day some one would ask "When?", so now Mrs. Rose Recend, a native Missionite, is taking over. She is training at the Niles library for a short time and soon the boys and girls and the grownups too can go get their book as before.

And the library will be open from 7 to 9 on Monday and Wednesday evenings and on Tuesday and Thursday afternoons from 2 to 4 p.m.

## DECOTO SANITARY DISTRICT CALLS BOND ELECTION

The members of the Board of the Decoto Sanitary District have called a special election for September 20, at which time residents of the district will vote on a \$6,000 bond issue.

The board is asking for the bond issue to cover the cost of completing the sewer system in the district, namely the laying of lines in three blocks on Seventh street and two blocks in Eighth street.

The bonds would be of \$1,000 denominations, each to bear interest at the rate of not to exceed five per cent per annum, interest to be payable semi-annually.

Two precincts have been established in the district by the directors. Precinct No. 1 will be comprised of all that portion lying southwest of the Niles-Hayward highway and the polling place will be located in the rear portion of the fire station. Geneva E. Smith will serve as inspector and Alice Enos and Marie Re will be judges.

Precinct No. 2 comprises all that portion of the district lying northeast of the Niles-Hayward highway and the polling place will be on the first floor of the Masonic Home. J. C. Mearns will serve as inspector and Lillian Pearis and Laura Seymour as judges. Polls will be open from 7 a.m. to 7 p.m.

## FILLING STATION BANDIT IN COURT

Forrest B. Wright, 23, Hayward, will appear before Judge E. A. Quaresma in Niles Justice Court today (Friday) at 9 a.m. for arraignment on three counts of burglary and one count of attempted burglary.

The defendant appeared without counsel last Friday and the case was continued for one week. He is charged with burglarizing filling stations in Livermore, Warm Springs and Centerville, and attempting to loot a station in Mission San Jose. In his appearance here last week, the youth told officers about where they could locate records which he had taken from one of the stations. He gave them the approximate location of where he had tossed them from his car.

The board is asking for the bond issue to cover the cost of completing the sewer system in the district, namely the laying of lines in three blocks on Seventh street and two blocks in Eighth street.

The bonds would be of \$1,000 denominations, each to bear interest at the rate of not to exceed five per cent per annum, interest to be payable semi-annually.

## RETURN BODY OF NILES SOLDIER

The body of Sergeant John H. Avila, Niles, who lost his life at Corona, Sicily on August 9, 1943, while fighting with the U. S. Army, was laid in its final resting place in Golden Gate National Cemetery, San Bruno, with full military honors Monday.

A rosary was recited at the parlors of the Berge Mortuary Company, Niles, at 8 p.m. Sunday. Services were held from the parlors of the mortuary Monday at 8:30 a.m. followed by a requiem mass at Corpus Christi Church, Niles.

He was the son of Mr. and Mrs. Ygnacio C. Avila, Niles; brother of Matt, Pater, Annie, Eleanor, Eugene and Lupe Avila, all of Niles. Pete Avila, San Jose, and Rito, Euladro and Sammy, all serving in the U. S. Navy.
